Preventive Dentistry

The foundation of lasting oral health starts with prevention. Our comprehensive preventive care helps patients avoid costly problems before they start.

Exams & Cleanings

Thorough checkups and professional cleanings to keep your smile healthy year-round.

Digital X-Rays

Low-radiation imaging for early detection of hidden decay, bone loss, and more.

Oral Cancer Screening

Routine screenings that can be life-saving — quick, painless, and essential.

Sealants & Fluoride

Extra layers of protection for patients of all ages against cavities and enamel erosion.

FOR OUR YOUNGEST PATIENTS

Pediatric Dentistry

We make first dental experiences positive, gentle, and stress-free. Building great habits early sets children up for a lifetime of healthy smiles.

First Dental Visits

Welcoming, age-appropriate introductions to dental care for infants and toddlers.

Early Cavity Detection

Identifying decay at its earliest stage to protect growing teeth.

Oral Health Monitoring

Tracking development milestones to guide healthy jaw and bite growth.

Cosmetic Dentistry

A confident smile changes everything. Our cosmetic services are designed to enhance your natural beauty with stunning, lasting results.

Teeth Whitening

Professional-grade whitening that delivers dramatically brighter results — safely and quickly.

Veneers

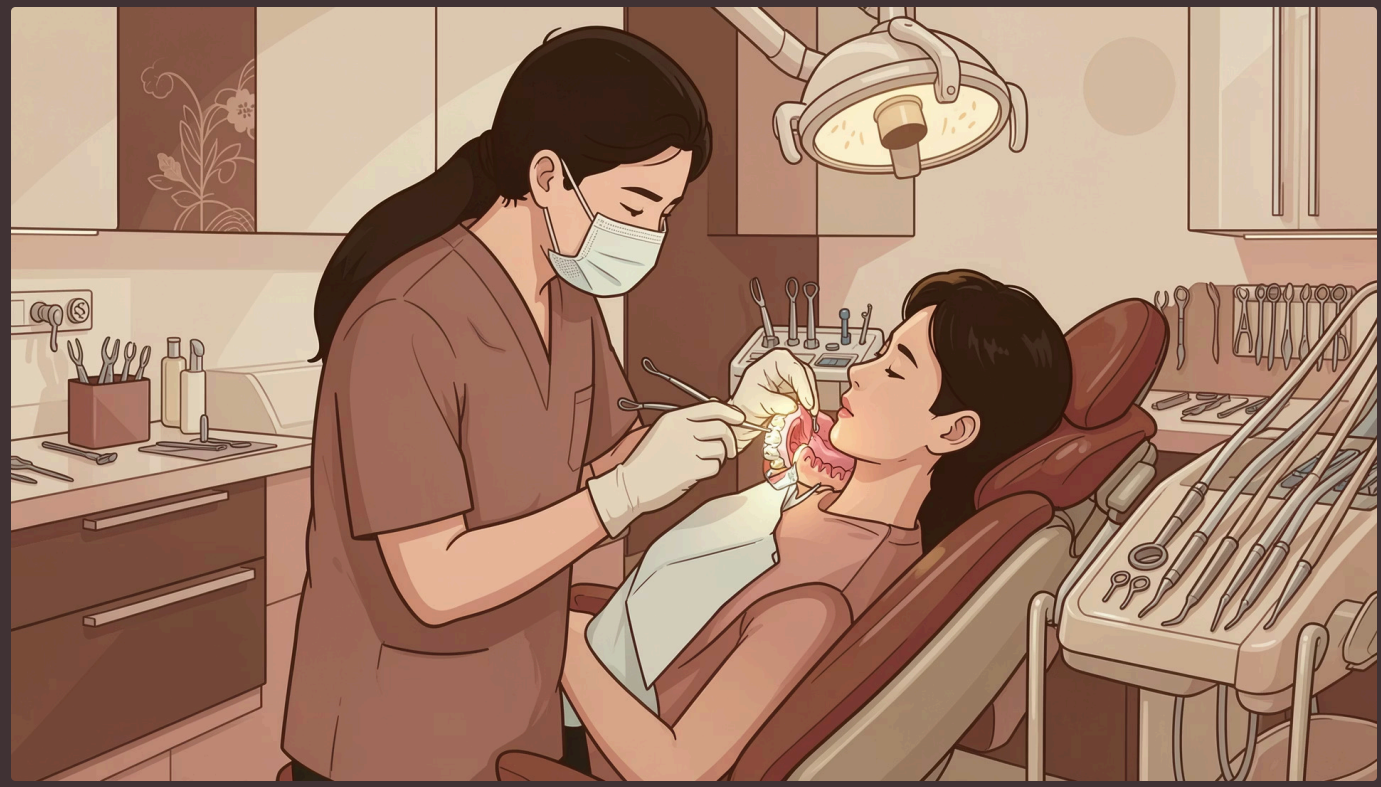
Ultra-thin porcelain shells that correct shape, color, and proportion for a flawless smile.

Dental Bonding

An affordable, versatile option to repair chips, cracks, and gaps in a single visit.

Restorative Dentistry

When teeth are damaged or missing, we rebuild them with precision and artistry — restoring both function and confidence.



Crowns & Bridges

Durable, natural-looking caps and replacements for damaged or missing teeth.

Fillings & Dentures

Tooth-colored fillings and comfortable denture solutions for every stage of life.

Implant Restorations

Custom crowns and prosthetics anchored to dental implants for a permanent, stable result.

Periodontal & Gum Treatment

Healthy gums are the foundation of a healthy mouth. We offer a full spectrum of treatments to prevent and reverse gum disease at every stage.

Deep Cleaning

Scaling and root planing to remove built-up tartar below the gumline and halt disease progression.

Gum Grafting

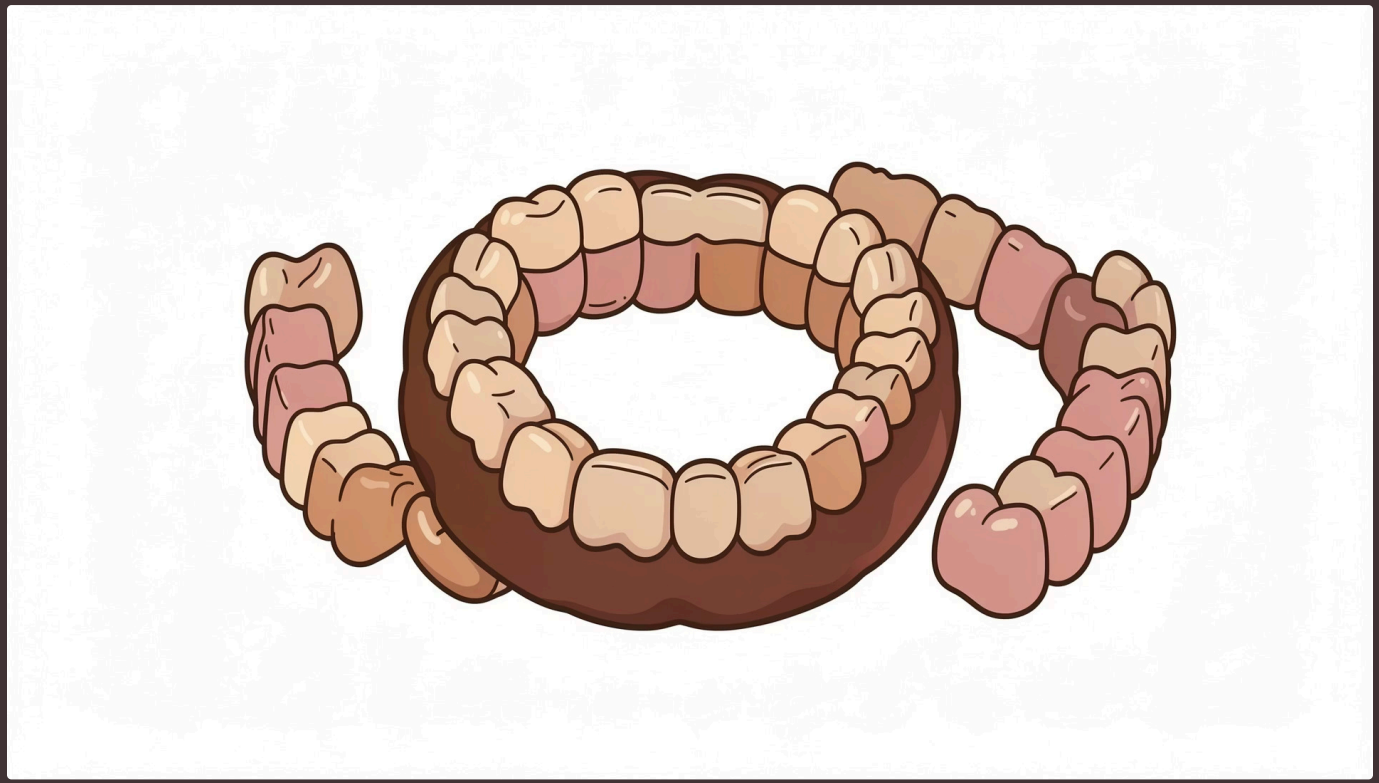
Restoring receded gum tissue to protect roots and improve the aesthetics of your smile.

Bone Grafting

Rebuilding lost bone structure to support implants or prevent further jaw deterioration.

Laser Therapy

Minimally invasive laser treatment for precise, comfortable gum disease management.



CLEAR ALIGNER ORTHODONTICS

Orthodontics

Straighter teeth without the brackets. We offer the latest in clear aligner technology for a discreet, comfortable path to a beautifully aligned smile.

1 Invisalign

The industry gold standard — custom clear trays that gradually shift teeth with precision.

2 SureSmile Aligners

Advanced 3D imaging-driven aligners for efficient, accurate tooth movement.

3 Retainers

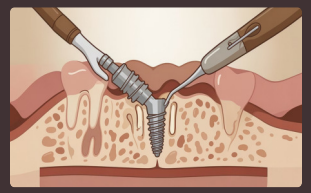
Maintaining your results long-term with custom-fitted retention solutions.

Advanced Dental Services

For complex dental needs, our team brings specialist-level expertise under one roof — minimizing referrals and maximizing your convenience.

Root Canal Therapy

Saving natural teeth from infection with gentle, effective endodontic treatment.



Dental Implants

The gold standard for tooth replacement — permanent, natural-looking, and built to last a lifetime.

Oral Surgery

Expert extractions and surgical procedures performed with precision and patient comfort in mind.

TMJ Treatment

Relieving jaw pain, headaches, and bite dysfunction with targeted TMJ therapy.

Sedation Dentistry

Dental anxiety should never stand between you and the care you deserve. Our sedation options help even the most apprehensive patients feel calm, safe, and comfortable throughout every procedure.

Nitrous Oxide

Inhaled through a comfortable mask, nitrous oxide induces gentle relaxation while you remain fully awake and in control.

Oral Sedation

A prescribed medication taken before your appointment produces a deeper sense of calm — ideal for longer procedures or significant anxiety.

Emergency Dental Care

Dental emergencies don't wait — and neither do we. Switzerland Dental offers **same-day emergency appointments** so you're never left in pain or without answers when it matters most.

Same-Day Appointments

Call us and we will do everything we can to see you the same day — no long waits, no uncertainty.

Trauma Treatment

From knocked-out teeth to severe pain or swelling, our team is equipped to handle dental trauma with speed and expertise.
